

STATEMENT OF SUBSTANCE OF INTERVIEW

Initially, Applicant wishes to thank Examiner Hoang for conducting an interview with Applicant's attorney, Benjamin Keim, on January 29, 2009. Applicant's attorney wishes to thank the Examiner for his time and consideration.

During the interview, Applicant's attorney and the Examiner discussed the outstanding claim objections and in the §101 rejections. In the interest of expediting prosecution of the application, and without conceding the propriety of the objections or rejections, Applicant's attorney proposed amendments to the claims.

Applicant's attorney understood the Examiner to agree that the amendments as proposed during the interview would overcome the outstanding claim objections and the §101 rejections.

Accordingly, Applicant amends the independent claims herein, as discussed during the interview. Applicant's attorney submits that all of the pending claims are in condition for allowance.
